

Kerrell Ranucci

Kerrell together with her husband, church planted in the early 1990's, where they served for nearly three decades. They established two campuses and pioneered a school, charity and a spiritual retreat ministry. Kerrell now works with Partners in Ministry, walking alongside pastors and churches.

Kerrell has a heart to create a safe, honest and authentic space for others. Whether this is in the retreat or the pastoral supervision space, Kerrell feels the alignment of her gifting, enables her to be fully alive to her calling to be a 'listening presence' to those she encounters. As a pastor and pastor's wife, she understands the complexity of ministry, family, leadership and living in a fish bowl.

Kerrell has a heart for women in ministry and empowering them to step into their identity as Christ's beloved, and to lead from the overflow of a life abiding with Jesus. Kerrell has a heart for spiritual formation and engaging in the spiritual practices, Jesus himself lived out. Kerrell has a contemplative, prophetic and creative edge and loves the seeing others light up with an "AHAH" moment.
