

TEAM TIME

For teams who attended together:

What was one highlight or insight from today?

What could be the next step for us as a team coming out of today?

What are some possibilities for us as a church/ ministry team coming out of our experience and learning today?

Pray for your church/ ministry area

For those who came on their own:

Form a group with 3-4 other people who also came on their own. Preferably in a similar ministry area. Discuss together:

What was one highlight or insight from today?

What is the next step for you coming out of your experience and learning from today?

Is there an idea you want to try?

Pray for your churches/ ministry area
