Family Faith Rhythms - Youth or Kids Leaders

This set of cards from Australian Baptist Ministries has been designed for families of all types and stages. The ideas suggested in this resource are just a few of the many ways you can create rhythms that help your family grow as followers of Jesus. It's not the habits in and of themselves that help to shape faith – it's the choice to intentionally live out your faith together as a household that has a lasting impact. The twenty included activities fall into four broad categories – discovering God's big story, experiencing Jesus, showing God's love and remembering and celebrating.

You can decide how you want to give these gifts out. Furthest travelled, first to register, newest to ministry, longest serving or another way. A game or lucky ticket. Knows the answer to one of the questions on the Gens Quiz
