Practice address	Corlette, NSW
Church affiliation	Lighthouse Baptist Church Nelson Bay
Practice outline	<p>I greatly value the role of supervision in my own professional practice, and feel passionate about extending this experience to others in professions with high expectations in the way we serve others.</p> <p>With a commitment to ongoing learning and development, I believe this happens best when we feel supported and encouraged, and I endeavour to create that space in supervision.</p> <p>As well as my experience as a counsellor and supervisor, I have held various senior leadership roles – a combination that is often helpful for my clients. I have also served in ministry and leadership roles in my own church for over 13 years.</p>
Other	In addition to individual face to face supervision, I also offer supervision for small groups, and via video link.
